SPRING COLLECTION

PRESENTING OUR SPRING 2026 DESIGNS

Our latest collection is shaped by calming natural influences, organic silhouettes and warm earth tones that feel both grounded and contemporary. Our designs reflect a continued focus on aesthetics, function and longevity.

Sculptural pieces with architectural presence sit alongside slim, minimalist designs - each carrying a clear reference to our Scandinavian design heritage.

In 2026, furniture design embraces a connection between classic forms and refined detailing, reinterpreted with a modern perspective. The result is a collection that is not only visually striking but also practical and made to inspire everyday living.

Whether you are transforming your home or business, we are confident that our collection offers something to make your space feel unique.

Trending

INSPIRED BY NATURE

THIS SPRING WE INTRODUCE

Merlot & Slate grey

This year continues last years' trend of warm and natural tones such as beige and brown hues, which add depth and cosiness to interiors, and are emerging as even stronger colour trends this season. The Spring 2026 Collection is designed with this direction in mind, keeping these earth colours at its core.

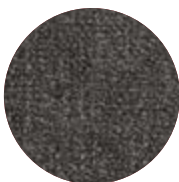

To give this calm colour palette more character, two strong colours will emerge as dominant accents in this year's interior design trends.

DARK GREY AND DARK RED DEFINE THIS YEAR'S COLOUR TRENDS

In addition we see shades of grey being used to bring the tranquility of nature indoors. Vibrant and deep reds are gaining popularity as statement colours. These earth tones add richness and sophistication without overwhelming the space. Our new colours will be available in faux leather and bouclé.

New at DAN-FORM; **SOFT GLIDES**

This year, we are introducing **Soft Glides** to our product range. The Soft Glides help eliminate scratches and noise, when the chair is moved back from the table.

The Soft Glide system

Benefits of soft glides

Floor protection: Prevents scratches, dents and scuff marks - and stays on.

Two convenient sizes: Currently available for our most popular designs.

Easy "click" system: Once the base is attached, swapping glides is quick and simple.

LET'S TALK

We appreciate your interest in our products and are excited to provide you with more information regarding pricing, delivery times, and any other details you may require. Our team is dedicated to ensuring that you have all the necessary information to make an informed decision when selecting our products.

Please do not hesitate to reach out to us. We are always happy to assist you in any way possible and are confident that we can provide you with the quality service that you deserve.
